

THE STEAKHOUSE

To Whom It May Concern:

I'm pleased to recommend Chariot Valet to your company. Since the valet is the first point of contact for many of our guests, the importance of a courteous, friendly, and professional team is paramount. Upon first meeting with Ryan Alexaki, president of Chariot Valet, the Morton's The Steakhouse management team was impressed with the Mr. Alexaki's professionalism. In the several months that Chariot Valet has been working for Morton's, I have noticed that what first impressed me about Mr. Alexaki was also true of his employees. The Chariot Valet staff is always punctual and professional in attire and demeanor, and they exemplify hospitality through their friendly interactions with our guests.

Morton's The Steakhouse is known for its unparalleled service, and I am confident that Chariot Valet also upholds such high standards. I can say with confidence that our guests are treated with the utmost hospitality by Chariot Valet's staff. I am pleased to recommend Chariot Valet without hesitation, and I hope that you experience the same level of satisfaction.
